

AMENDMENT TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of claims:

1.- 39. (Canceled)

40. (Previously Presented) A method comprising:

using previously provided user specified preferences to automatically obtain and transfer digitally encoded audiovisual content from a wide area network to a computer;

causing a television in communication with the computer via a wireless data transceiver to play a representation of the digitally encoded audiovisual content; and

manipulating the play of the representation of digitally encoded audiovisual content on the television from a portable electronic device.

41. (Previously Presented) The method of claim 40 wherein the representation of the digitally encoded audiovisual content comprises the digitally encoded audiovisual content converted to a format capable of being displayed on the television.

42. (Previously Presented) The method of claim 40 comprising manipulating the play of the representation of the digitally encoded audiovisual content on the television from the computer.

43. (Previously Presented) The method of claim 42 wherein manipulating the play of the representation of the digitally encoded audiovisual content on the television from the computer includes sending signals to the computer via a remote controller.

44. (Previously Presented) The method of claim 40 comprising storing the user specified preferences in a database on the computer.

45. (Previously Presented) The method of claim 40 comprising tagging the digitally encoded audiovisual content to aggregate a record of the digitally encoded audiovisual content on a tag aggregation webpage.

46. (Previously Presented) A machine-readable storage medium tangibly embodying a sequence of instructions executable by the machine to perform a method, the method comprising:

using previously provided user specified preferences to automatically obtain and transfer digitally encoded audiovisual content from a wide area network to a computer;

causing a television in communication with the computer via a wireless data transceiver to play a representation of the digitally encoded audiovisual content; and

manipulating the play of the representation of the digitally encoded audiovisual content on the television from a portable electronic device.

47-61. (Canceled)
